

LUÍS FELIPE BAPTISTA

Full-stack Web & App Developer. Enthusiast of data analysis, blockchain, cybersecurity, and other areas of computer science. Always reading tech news, papers, and looking out for new technologies to explore and projects to take on. Ultimately interested in helping engineer smarter, more scalable, and secure services and cities.

- (Web) JS, HTML, CSS, Bootstrap, Sass, React
- (Cross-platform) Flutter

Server-side Technologies

- SpringBoot, Node, Django
- (APIs) REST, GraphQL, gRPC

Database Technologies

- MySQL
- PostgreSQL
- MongoDB

Programming Languages

Java Typescript Python
C++ Dart Julia

Other technologies

Bash, Git, VScode Photoshop, Figma Microsoft Office
Tensorflow + Keras Azure, Heroku Kali Linux Tools

EXPERIENCE

Full-time Internship | AVANADE

SEP 2022 – SEP 2023

One year working as a junior analyst at Avanade Portugal.

Summer Internship | NTT DATA

JUL 2022 – SEP 2022

Two intense months working as a web developer on the public services division of NTT Data, for the SNIRH21 project - a unified web app for monitoring water resources in the Tagus river.

EDUCATION

Computer Science Bachelors | European University of Lisbon

2019 – 2022 | 16/20 POINTS

A pragmatic computer science degree, where I learned all the development tools I know through collaborative multidisciplinary projects. (see my [portfolio](#).)

High School IB Diploma | American School of Rio de Janeiro

2017 – 2019 | 31/45 POINTS

Graduated with a Brazilian, American, and IB Diploma. Member of several clubs including the Student Council, National Honor Society, Robotics Club, and other clubs (GIN, SOS, RASA). Extended Essay on Computer Science, Algorithm Analysis (39/44 pts), and Higher Level Arts.

PERSONAL SKILLS

- Native English and Portuguese speaker. Intermediate Spanish (DELE B1).
- Problem-solver, persistent, disciplined, focused, objective
- Tech enthusiast, challenge-seeker
